[DISPATCHES TO THE OREGONIAN.]

EASTERN DATES TO SEPT. 25.

EASTERN STATES.

New York News.

NEW YORK, Sept. 24.—Mayor Hall states positively that he cannot recognize Deputy Green. In answer to those who spoke of Hall resigning, that official caused a placard to be put out at the City Hall yesterday, bearing this inscription: "Elected 1st of January, 1870, for two years, ending December 31, 1872. This is my answer."

The municipal situation remains unchanged. Public attention is now directed the meeting of Supervisors to-morrow for the [illegible]. A large meeting of builders took place at Brevoort Hall last evening to consider frauds, etc., in the administration of that department of the city Government, and arrangements for a mass meeting on the subject at Cooper Institute Wednesday evening.

The *Tribune* to-morrow will publish a letter from ex-U. S. Marshal Murray, in which he states that in May, 1865, Murphy came to him and said charges of fraud had been made against him by Government, and he would give him (Murray) $10,000 to get him out of the scrape, and subsequently Murphy paid the detective who had worked up the case against him $500 for, as Murray supposed, aiding Murphy in thwarting prosecution.

Drought in Connecticut.

HARTFORD, Sept. 24.—There are complaints in all parts of the State of a serious drought.

Dispatch from Burlington, Vt.

BURLINGTON, Vt., Sept. 24.—Hon. G. W. Benedict died here to day aged 76. He was 22 years a Professor in the University of Vermont, 15 years one of the editors of the *Daily Free Press*, and State Senator in 1834 and 1835.

A meeting of workingmen last evening decided on a general strike in most trades throughout the United States and Canada, early next spring. Measures were adopted for a permanent organization to sustain and render it successful.

A large number of Postoffice employes were discharged yesterday, as alleged for political reasons, all dismissed for being Greeley Republicans.

Massachusetts Politics.

SPRINGFIELD, Sept. 24.—Recent Butler gains in cities are fully offset by anti Butler delegates chosen in small towns. The *Republican's* returns show the election of 881, of whom 357 are Butler and 524 anti-Butler men. The majority against Butler is 167. It now seems certain there will not be less than 150 and possibly 250 majority against Butler in the Convention.

An Opinion on Woman Suffrage.

WASHINGTON, Sept. 24.—Judge Underwood, U. S. District Court Judge for Virginia, writes a letter in which he says, he feels very confident that the 14th and 15th Amendments to the U. S. Constitution, together with the enforcement act of May 31st, 1871, have secured the right to vote to female citizens of Virginia as fully as is now exercised and enjoyed by male citizens.

Death of an Ex-Governor of Missouri.

ST. LOUIS, Sept. 24.—Ex-Gov. Robt. M. Stewart, of this State, died at his residence at St. Joseph, on the morning of the 21st inst.

Youthful Offenders Punished.

MILFORD, Pa., Sept. 24.—Judge Drosher sentenced Wm. Carroll and John Harrington, aged 14 and 15 respectively, for obstructing the Erie road, to pay $100 fine and costs and 2½ years solitary confinement in the Philadelphia penitentiary. The Judge delivered the sentence with great feeling; strong men wept in the court and the scene was very impressive. The boys received the sentence with apparent coolness.

Additional New York News.

NEW YORK, Sept. 24.—Ten more workmen of the United States Watch Co. of Marion, N. J., have been arrested for stealing watches while in process of manufacture. Twenty-one workmen in all have been arrested and from confessions of some it is estimated that the thefts exceed in value, $100,000.

James T. Stranahan, of Brooklyn, will represent the Chamber of Commerce in this city at the National Commercial Convention at Baltimore to-morrow.

The imports to this port for the last week were $8,509,200, nearly $1,000,000 more than the corresponding week last year.

Fire at Philadelphia.

PHILADELPHIA, Sept. 24.—The large saw mill of W. P. Henderson, near Fairmount, was burned last evening. Loss heavy.

Yellow Fever in Southern Cities.

CHARLESTON, Sept. 24.—Nine deaths from yellow fever have been reported within the last forty-eight hours.

MEMPHIS, Sept. 24.—Dispatches from Vicksburg and Jackson, Miss., state that there were twelve new cases of yellow fever in each of these places yesterday.

BY ATLANTIC CABLE.

Spanish Affairs.

MADRID, Sept. 24.—Senor Montero Rios will probably be chosen President of the Cortes.

The King of Spain and Prince Humbert of Italy are at Montrose.

Portuguese Affairs.

LISBON, Sept. 24.—The King has prorogued the session of the Cortes until January 2d. A decree for its final dissolution and election of new members is expected to follow.

French Affairs.

PARIS, Sept. 24.—The Minister of Foreign Affairs has dispatched a courier to Berlin with amended customs treaty. The French statesmen are sanguine of its ratification.

The *Journal Des Debats* attacks Thiers for his protection policy, and predicts unfriendly relations with England and the Belgians if it is persevered in.

La France announces that a meeting of the Republican members of the Assembly will be held at Versailles October 2d.

The French wheat crop will fall short of an average by 36,000,000 hectolitres, but the yield of barley and minor crops are abundant.

LONDON, Sept. 24.—The Wigan mine is still burning. There are frequent explosions. A heavy gale prevails in the channel. No disasters are reported.

The Congress of Internationals adjourned after making arrangements for a movement in Germany, Italy and Spain.

The *Globe* says the results of experiments with Chinese labor in America possesses double interest now in view of the Newcastle strike and other struggles between labor and capital. We should not be at all surprised in these days of excessive competition and rapid locomotion, and the completion of the Suez Canal, if, before long, we saw John Chinaman hard at work over here.

CURRENT NOTES.

On Saturday the great bridge of the Virginia and Reno railroad across Truckee river was completed and track laid over it recently. It is regarded as the best railroad bridge in Nevada.

The New York ring have $75,000 charged for thermometers for that wonderful building, the "New Court House!" They also have $7,500 charged for sofas; yet they say their vouchers have been stolen!

In "swinging around the circle," Gen. Butler, a few nights since, reached Fitchburg. But his welcome wasn't a very cordial one. He could get no one of any prominence to introduce him to the audience, and so fell back on a person comparatively unknown. In the course of his speech he said he had never knowingly done a mean thing, whereupon the crowd broke into yells of derision which fairly shook the hall.

Alexander H. Stephens' latest is a fearfully long reply to the New York *World's* criticism of the new departure, which he closes by saying that the *World's* teachings on this subject "are of the same character with those of the arch-tempter of mankind, when he subtly instilled into the ear of Eve the fatal idea that she might in safety 'depart' from the injunction given her by the Most High, when he said to her, if she should eat of the forbidden fruit, 'Ye shall not surely die!'"

OREGON.

The *Statesman* says that a manufactory of Gorham's patent broadcast sower will be started at Salem.

A Chinaman, it is said, escaped from the Penitentiary at Salem last week. The *Statesman* says that the worthy Superintendent is very reticent about it.

Frederick Smith, a coal miner at Coos Bay, died suddenly a few days ago. He had been indulging in a fight the day before, and received some bruises about the head. It is thought, however, that he died of heart disease.

In Polk county a few days ago B. Branson had his foot caught in the horse power of a threshing machine, and his leg was ground off half way to the knee. It was amputated by Drs. Hall and Jessup. The patient is very low and may not recover.

The Polk county paper says: Everything in the produce line is demanding high prices at present. Hay can hardly be bought at any price; wheat, $1 25 per bushel; oats 75 cents, and other produce in proportion. These are certainly good times for farmers.

The Dallas *Republican* says that the whole amount of taxable property in Polk county, as returned by the Assessor, is $1,800,972; whole number of polls, 854; tax levy for the year 1871 is, for State purposes, 5½ mills; school tax, 2 mill; county tax, 4½ mills; making a total of 12 mills for the year.

The editors at Roseburg, we are glad to see, have buried the hatchet. Mr. Thompson of the *Plaindealer* extends to the Gale Bros., whose office was recently burned, all the courtesy and accommodation possible. This is generous. The spirit in which this kindness is offered and accepted, shows that the editors at Roseburg, though recently shooting at each other, can be true men when they try.

THE TERRITORIES.

The official Republican majority for Congressman in Montana is 414.

A great water ditch covering the extensive placer fields around Helena (Montana) is nearly completed.

Transportation of Montana ores to Cheyenne, for shipment east by railroad, is becoming a very large business. One lot of 60,000 pounds of rich silver ore was received at Cheyenne a few days ago.

There is a row among the Mormons about the successorship to Brigham Young. Brigham some time ago ordained Brigham Jr. to the succession, but there is a rebellion against it by powerful rivals who contend for the throne. Orson Pratt is chief of the faction opposed to Brigham Jr.

Montana papers claim that the scenery and natural phenomena on the Yellowstone far exceed in grandeur anything on exhibition elsewhere in America. They claim that the Yellowstone is ahead of all other rivers in the magnificence of its falls and the depth and perpendicularity of its canyons.

POLITICAL NOTES.

San Francisco will be taxed $50,000 to pay the expenses of the late election and the judicial election to take place next month.

The New York *Tribune* is publishing a history of the Vigilance Committees of San Francisco. Coming events cast their shadows before.

The new Board of Supervisors for San Francisco will take their offices December 1, 1871, and will consist of five Democrats, five Tax-payers and two straight Republicans.

The Tammany Society of New York indulge very frequently in chowder parties and fishing excursions, and the taxpayers of that city foot the bills. One recently cost $3,240. Cheap!

The Republican gains in California in the late election were in the first and and third Congressional Districts. The second district showed no material change. The majority for Sargent (Rep.) for Congress in the second district is slightly smaller than it was two years ago.

The New York *Herald* decides that recent elections are an "endorsement of President Grant's Administration which cannot be misinterpreted in reference to the Presidential succession." Also, that during the last forty years there has "seldom been a better showing for the party in power in the local elections preceding a Presidential contest."

CALIFORNIA POLITICAL ITEMS.

The official vote of San Francisco shows some changes from results heretofore given. Booth's majority in the city was 2,259; Pacheco's, 3,080; Malone, for Secretary of State, 3,110, and Green for Controller, 4,104. The average majority for members of the Legislature was 3,039.

A "German Republican Voter" writes to the San Francisco *Bulletin* that the cause of the defeat of McGlynn for Harbor Commissioner was not that his opponent was a German, and that German voters preferred their own countryman, but that McGlynn had made himself offensive by his open and zealous sympathy with Papacy. The writer adds: "The probabilities are that the very best citizen in this community, whether Irish, German or American, after publicly displaying his allegiance to the power of the Pope, would have been defeated for any public office."

A few days ago we gave an article showing that the parallel between the conduct of the last Legislature of California and that of Oregon, was close, exact and complete. It is asserted by the Los Angeles (Cal.) *News*, a leading Democratic journal, that the profligacy of the last Legislature of that State was the main cause of the recent Democratic defeat. Our Legislature followed as closely as possible the precedents furnished by the Legislature of California. Let the *News* describe what stuff the California Legislature was made of, and what that body did; and then let Oregon Democrats make a note of the warning:

> Numbers of our cotemporaries are seeking to account for the late defeat of the Democratic party. It strikes us that the question is one not difficult to solve. We have only to look back to the Legislature of 1869 70. The damning record of that body has hung like a millstone about the neck of the Democratic party, and has dragged it down to defeat in the late election. We doubt if the Creator, in his inscrutable providence, ever permitted a State to be cursed with a body of so called legislators, possessing, in the aggregate, less intelligence and more rascality, than did the last Legislature. True, there was a Spartan band that could not be influenced by money, but unfortunately, they were in the minority. The unwritten record of that Legislature would bring the blush to the cheek of every Californian who has not ceased to care for the honor of his State. Impecunious legislators returned with respectable bank accounts. "Pious" representatives stood "ready to shoot" on thieving bills at $150 per "shot." The capital was a seething mass of corruption.

On the west side of the San Joaquin river an irrigating canal is being dug at the rate of three-quarters of a mile per day. It takes water from the bed of the river and is intended to distribute it over the dry lands next to the Diablo mountains.

LAST NIGHT'S DISPATCHES.

[SPECIAL DISPATCHES TO THE OREGONIAN.]

EASTERN STATES.

The Hodge Defalcations.

CHICAGO, Sept. 25.—A Washington special says the sureties of Hodge, defaulter, will claim exemption from their liabilities on the bond of the latter, on the ground of negligence on the part of the Government officials in proceeding primarily against the principal, and also on the further ground that other conditions of the bond, such as those which require Paymasters to render an account quarterly, were not complied with. Hodge will plead guilty, but notwithstanding Government will proceed with the investigation in order to discover if he had any accomplices.

Dr. Howe has written another long review of the San Domingo question, in the course of which he makes the announcement that a new project for a treaty has been written, and that diplomatic relations looking to continual occupation of Samana Bay actually exists.

More about New York Affairs.

NEW YORK, Sept. 25.—The Democratic elements opposed to Tammany had a meeting Saturday evening, and effected an arrangement for a formal campaign against the present system of city government. The chairman of the meeting was Samuel G. Courtney, and his address declared that the auspices under which the work had been begun foreshadowed its success. A committee was appointed of leading Democrats, citizens, who are to call a mass meeting during the week, and issue an address to the people. The meeting was marked by a wonderfully unanimous sentiment. It was comprised of the leading politicians of the city, and the men identified with this movement are known to be of the first standing. The organization intends to send the best representatives that can be secured to the Democratic State Convention, and assurances are given that they will be admitted. S. G. Courtney, Benj. Wood, James O'Brien, G. C. Barrett, G. W. McLean and Thomas Boasure are the principal movers in the affair.

London Dispatches.

LONDON, Sept. 25.—There will probably be a favorable settlement of the strikes at Newcastle and Gateshead this week.

A *Standard* special says Thiers is uneasy and patriots guard him at night.

Thiers is ready to pay the fourth one-half milliard to the Germans.

The interview between Thiers and Prussian diplomatists is contradicted. There is no intention to raise the siege at Paris during the proceedings.

The *Official Journal* denies that Choiseul goes to Rome.

Miscellaneous European News.

NEW YORK, Sept. 25.—European advices report that Italy and Germany are about to conclude an extradition treaty which will extend only to felons. Political criminals are not included.

The Emperor Alexander has ordered that private school establishments for public instruction in Poland, the German language should take precedence of the French.

Intelligence from Hungary states that the report that the dogma of Infallibility has been prohibited by order of the municipal authorities of several cities, is denied. German accounts report that the conduct of the Bavarian Minister for public worship respecting Papal infallibility, excites great attention. Bavarian and Prussian papers, anti-ultramontanes, think the halting neutral policy of Bavaria on the Church question is sanctioned by the Prussian Government. The journals of anti ultramontanes are calling for severe measures against Catholics.

From Russia there is intelligence of the continuance of cholera in that country. While many districts have been considerably relieved, fresh districts have been infected, and deaths are nearly as numerous as at any time during the raging of the past.

The opening of the Spanish Cortes is postponed to the 10th October.

The Bank of Belgium has raised the rate of discount to 5 per cent.

LONDON, Sept. 25.—A steamer has been wrecked on the coast of India and 138 natives drowned.

Four thousand Spanish troops go to Cuba this month.

Disarmament is difficult in Algeria. Tribes surrender bad arms but preserve good ones. The French have burned more villages.

CUBA.

The Insurrection Ended.

NEW YORK, Sept. 25.—A special dispatch from Havana announces that the insurrection is subdued and a proclamation to this effect will shortly be issued by the Captain-General.

CALIFORNIA.

From San Francisco.

SAN FRANCISCO, Sept. 25.—All the wounded by the Saturday night's fire are doing well. Redington, Hostetter & Co. have more insured than at first reported, the aggregate being $232,000, of which $153,000 is in foreign companies.

Arrived, ship *California*, 107 days from New York, with merchandise for George Howes & Co. Telegraphed, the bark *Arena*, from New Castle, England, with merchandise to Gildemeister & Co.

SAN FRANCISCO, Sept. 25.—F. O. Wakman who was arrested here while acting as pension claim agent, for forging the name of a soldier, was ordered East to answer to the charge at Washington.

Rosenfield beats McGlynn for Harbor Commissioner in 43 counties over 2,000 votes. Remaining counties will increase his majority.

The steamer *Montana* is withdrawn from the Mexican route, and will go to Portland on Wednesday. The *Idaho* takes her place.

SAN FRANCISCO, Sept. 25.—Judge Hoffman has entered a decree of condemnation and forfeiture against the steamer *Fideliter*, which was purchased while an English vessel by an American, and transferred as a Russian, in order to obtain for her an American register under the act of Congress providing for the annexation of Alaska. He holds that the transfer was a fraud and the vessel is forfeited in consequence.

E. S. Moulton sued John Hannan for $10,000 damages for calling him a thief, &c.

Himmelman, [illegible] on the Democratic ticket in the Eighth ward, sues Robert Cushing to recover $500 which he says he paid Cushing on representation that he was an influential Republican and would use his influence against Story, taxpayer, but did not, and, consequently, he lost his election. Cushing admits that he did not spend the money, and that he (Himmelman) did lose his election, but denies all other allegations.

The schooner *Aimer* which went ashore a month since on the beach below the Cliff House, was hauled off all safe to-day. The weather has been so favorable that she had never moved in the meantime.

The weather continues warm and clear.

Patrick Hano, Wm. Clare and James McKensie bring suits against the managers and agents of the Sacramento lottery, for a total of $21,250 for tickets sold them, the penalty being $50 in each case. This makes a total of $31,250, for which suits have been commenced. John Doe and Richard Roe are included in the complaints.

It is the intention of the suing parties to serve summons on the proprietors of all papers which advertised the lottery. Suits are brought as a pecuniary speculation and to make an example in aid of morality and law. The same attorney figures in all the suits.

Bets were offered on the street to day that Raymond & Ely will go to $100 before Saturday night. Sales of outside stocks were very heavy at the evening board.

NEVADA.

Dispatches from Winnemucca.

WINNEMUCCA, Sept. 25.—A movement is on foot to construct a road from here to Canyon City in Oregon. About 190 miles have already been completed, and the remainder will be finished by January 1st, when it is thought all the freight of Eastern Oregon will be shipped over the road.

A large well defined ledge of silver bearing ore has been discovered on the slope of Winnemucca mountain. The extent and richness of the lode are yet unknown.

A rich copper discovery is also reported a few miles from this place and in a locality hitherto supposed destitute of minerals.

A party are examining the ore of this and surrounding districts, with a view of establishing extensive works.

A man named Burton, a passenger on the emigrant train on Friday, was taken violently ill and left here for medical treatment. When taken from the train he was in a serious condition and has not sufficiently recovered to tell his destination. His recovery is extremely doubtful.

GOLCONDA, Sept. 25.—This evening a young man named Hohenschell was thrown from a wagon a few miles east of this place, and sustained a fracture of one of his legs.

CARSON, Sept. 25.—Sheriff Highter and party has had a skirmish at Long Valley with five convicts. R. J. Morrison, Wells, Fargo & Co.'s agent at Benton, and an Indian, were killed. Another man was shot in the head. The party lost four horses, four killed and three captured. Three convicts were seen to fall on the battle field. It is thought the other two were killed, though the bodies were not found. The Sheriff and party are in pursuit of the three, two of whom are wounded. The party [illegible] is supposed to have been with this convict party, but was not seen. The Governor to-day offers three hundred dollars reward for each of the following convicts: Charles Jones, William Russell, Thomas Heffron, John Squires, T. B. Cockerel, Thomas Ryan, Thomas Flynn, David Lynch, George Roth, and two hundred dollars reward for each of the remaining eighteen. F. M. Isaacs, one of the wounded guards, is reported to be quite low this evening.

UTAH.

Brigham's Doing.

SALT LAKE, Sept. 25.—Brigham Young returned to the city yesterday. The Mormons deny indignantly that he has sought to avoid process of Court or grand jury. They say he will obey summons as a witness or submit to warrant of arrest, but will not yield to imprisonment.

Mrs. Lander opens to-night the Salt Lake Theatre as Elizabeth.

Speedy Relief and Cure for
CHRONIC DISEASES.

DEBILITATED AND BROKEN-DOWN CONSTITUTIONS, Nervous Affections, Rheumatism, Neuralgia, Soreness of the Muscles, Pains, Lameness, Stiff Joints, Languor, Depressed Spirits, Palpitation of the Heart, Dyspepsia in its various distressing and complicated forms, Diseases of the Liver.

DISEASES OF THE EYE.

All Acute or Chronic Diseases of the Eye, Granulated Lids, Specks, Films, Opacities of the Cornea, etc., Nervous and Sick Headaches, etc.

All of these painful distressing and eventually fatal maladies are speedily and permanently cured by the late discoveries and scientific mode of practice peculiar to

DR. ABORN.

Whose eminent success in curing Chronic and Obstinate Diseases that have for years [illegible] the usual routine of treatment is well known on the Pacific Coast as well as throughout the Union.

Convalescence and Recovery

are rapid under his new and scientific mode of treatment. But very few, if any, men of his age in the profession have been so uniformly successful as DR. ABORN. Combining with his knowledge, skill and experience in his special branch of the profession all that the late [illegible] of the age or the late discoveries of medical science have brought to the aid of the modern practitioner, DR. ABORN is prepared to treat with almost unfailing success all such cases as may come under his care. He has, within the past few years, introduced into his practice many new and important remedies, with novel and effectual modes of application, with which during his professional career he has produced the most [illegible] and satisfactory results.

DR. ABORN.

For twelve years past has devoted himself to the practice for the treatment of obstinate chronic diseases, especially such cases as have resisted all the ordinary modes of practice. He has thus been enabled to treat at least five times as many patients annually as he possibly could, had he treated them at their residences. Thus he claims twelve years office practice, exclusively devoted to special chronic diseases, as more than equivalent to sixty years experience in general practice.

NO PAINFUL OPERATIONS.

DR. ABORN does not subject his patients to any painful or unpleasant operations. His treatment is mild and safe for the most delicate child. The afflicted are hereby informed that after the first visit, for many of the diseases which he makes a specialty, they can take the treatment home and use it until cured, without pain or interruption to their usual avocations.

The Daily Oregonian.

TUESDAY MORNING, SEPT. 26, 1871.

Our Considerate Northern Neighbors.

It has once or twice been remarked that Puget Sound offers good facilities for navigation. Discriminating and poetic writers of that region have also observed with great originality and force, that "Puget Sound is the finest body of water in the world." Waiting for a terminal city to grow has been the chief business there for nearly a quarter of a century; and the first generation of white inhabitants, now passing away, are leaving their posterity to succeed them in the business of waiting. And the new generation, with their strong arms and willing hands, perch on their fir logs overlooking their beautiful bays and inlets, and wait with the same vigor and energy that characterized their fathers.

Occasionally some of them grow rhapsodical, and begin to sing of what they are going to do when they get the railroad and the terminal city. In these moods their thoughts (fortunately for our favored State) always turn to Oregon. In all their calculations they rely on "securing the trade of Oregon" to build up their terminal city and keep it in repair. This at least shows commendable forethought; for, of the country surrounding Puget Sound not one acre in forty, taking an average of the whole, is fit for settlement or cultivation. Hence, as they will have very little trade of their own for many years, it is prudent for them to look around in advance, if, haply, they may discover a section of country where somebody lives, and a people who are wealthy enough to have a trade worth securing.

It is deemed certain by the terminal proprietors of Puget Sound that just as soon as the railroad connects them with Oregon the whole traffic of this State will come and go across the portage; that Oregon will import her merchandise through the Sound and send her products to the Sound for shipment to distant markets, and that the magnificent city of Tacoma, or Steilacoom, or Olympia, will become the "distributing depot for the Oregon trade." An Olympia paper has it that "three important cities" are destined to be built on the [illegible] of the Sound. Most of the inhabitants there have heretofore contented themselves with the prospect of one magnificent terminal metropolis; but the Olympia oracle "goes two better." But it keeps on the safe side of prophecy by giving an indefinite period for the fulfillment. This is prudent. Precision of dates in cases of this sort often makes things look awkward. That was a shrewd French philosopher who advised those who, professing the gift of prophecy, undertake to foretell the occurrence of improbable events, such as the end of the world, to be sure to give time enough. He had observed that many prophets of this class were jeered at, simply because they predicted the event would occur too soon. An inexcusable blunder, when they might just as well have fixed the date a few thousand years ahead, and saved their credit for soothsaying. And, besides, if time enough is given, it may often be found, before the event is to transpire, that the wind of prophecy has chopped and sets in another quarter. The Olympia paper appears to have considered all these things, and in prophesying, to have taken advantage of them.

To speak seriously, it seems singular that Puget Sound people can suppose that a railroad will enable them to command the trade of Oregon. They [illegible] on the insufficiency of water in the Columbia and Wallamet rivers to accommodate Oregon commerce. That some obstructions exist at present is perfectly true; but it seems not to enter the minds of those who expect to build cities on Puget Sound out of the profits of the Oregon trade that it will require no great outlay to [illegible] rivers for the passage of any [illegible] of merchant vessels, and that a comparatively small annual expenditure will keep them open. The Columbia river is and ever will be the channel for the commerce of Oregon. In time, when the commercial importance of this country becomes known, a regular annual appropriation will be made by Congress for the Columbia river, the same as has been made for many years for the lower Mississippi. Portland, also, will participate in this work of improvement. For the class of [illegible] which have run in this trade heretofore, there has been a sufficient depth of water, but the growing commerce of the future will require that our rivers be deepened in a few places, and this can be done at much less expense than the cost of carrying our products and our merchandise across the country to Puget Sound, a distance of one hundred and fifty miles.

Vigorously Said.

A prominent Eastern journal closes a vigorous and deep-going article on recent developments in New York by pointing this moral: "The Ring that rules the city aspires to rule the nation. It hopes to nominate and elect a candidate of its own, as President of the United States. Either Governor Hoffman or some other usual tool is already pre-chosen for this purpose. In view of a Democratic victory in 1872 (which may Heaven avert!), what would follow? There would be the same plundering of the Treasury of the United States which we now witness of the city of [illegible] of dollars here, they would steal a hundred millions there. Having not only a single city but the whole country to plunder, what honest man will dare calculate the measure of their greed? We ask the American people to think [illegible], before they look forward without fiery indignation to the bare possibility of a Tammany President of the United States."

Pity 'tis that the "only historical party of the country" [illegible] know its own mind and purposes for three months together. The Pennsylvania Democracy adopted the "new departure" with the greatest enthusiasm. But now an address appears, signed by ex-Mayor Vaux of Philadelphia and twenty-four other leading and influential Democrats of the State, in which they go back to the position that "the Fourteenth and Fifteenth Amendments are illegally adopted; that to accept them would be in direct antagonism to all the history and traditions of the party, and that this is a white man's government formed by white men for white men and their posterity forever." And so the party goes on, without any fixed views on national questions, and with no possibility of uniting on a common platform.

Only a few years since Controller Connolly of New York was earnestly begging for a position with only $2,500 salary. Now, he has $3,000,000 invested in United States bonds and no end of real estate in New York. It pays to be a leader in the party to which Mr. Connolly belongs.

Woman Suffrage and its Advocates.

TO THE EDITOR OF THE OREGONIAN:

SIR: In this State, as well as almost every State of our Republic, the question of Woman Suffrage is being agitated, and with arguments the merits of which cannot be gainsayed. Every man of reason admits that woman in her present state is in a condition of practical servitude, and while many, almost all, oppose granting the ballot to her, some being ruled by one reason and as many by another, they see no feasible plan by which justice can be done to the purest and noblest half of mankind. The strongest argument we know against the Woman Suffrage movement is in the principles put forward and advocated by prominent woman suffragists of the United States. We have been permitted to read the *Revolution*, *Woodhull's & Claflin's Weekly*, *The Golden Age*, *The Christian Union*, *The New Northwest*, *The Pioneer*, and other periodicals advocating this political change. Almost all of these papers hold forth the most corrupting and anti-religious social ideas possible to be advocated. Mrs. Stanton (an extract from one of her speeches was published in THE OREGONIAN a few weeks since,) and Mrs. Woodhull have long advocated the doctrine of Free Love, and it creates no surprise to quote them on that subject. Indeed the answer to that argument is, they do not represent the woman suffragists of America; they only speak for themselves. This is true.

Theodore Tilton, a Congregational Minister, is the principal male woman suffragist in America—one who has as great an influence in the Church as it is possible for one man to exert, and whose stand has done more to make the question respectable among moral men than that of all others combined, yet whose ideas on this subject are not known by the masses. In *The Golden Age* of September 16th in an editorial headed "Marrying and Unmarrying," he advocates in the strongest terms the getting of divorces where one or the other of a married couple fails to "love," and closes up a column and a half article with:

> I maintain that to continue in an imperfect marriage, knowing it to be such, is voluntarily to enter into temptation; and be the outside of the platter never so clean, inside it will, it must, be full of wickedness.

In the same paper, Mrs. Paulina Wright Davis, next to Mrs. Stanton as a writer on the woman question, says:

> But let us secure the emancipation of the slave, whether that slave be wife or husband; we shall not then have to decide whether a domestic hell is a fitting place in which to rear children.

Rev. O. B. Frothingham, another prominent Woman Suffragist, says:

> Is marriage a union of corpses? When two bodies become dead may they not be set apart? Does any human or divine law compel people to poison each other all their lives long?

Hundreds of others could be quoted, and it is no use disputing the fact that almost all leaders of this movement are in favor of Free-loveism, and if the power was given to them all stringent divorce laws would be repealed, indeed marriage would be made a disgrace. The argument need not be brought forward that such persons would not have the making of our laws. No; but politicians of the Ben Butler stamp, men who are ruled by passion and policy would then, as now, have the reins of Government, and if it was thought to be popular, it would become law, while the modest and pure would stand back and vote for the least evil the parties should put forward.

Some time we may cull from *The New Northwest* and S. F. *Pioneer* some ideas of the same sort sparingly advanced. T.

PORTLAND, Sept. 25, 1871.

CALIFORNIA ITEMS.

The Sacramento *Union* complains that the State Fair at that place last week was converted into a mammoth gambling establishment.

A large establishment for manufacturing wine and grape brandy is about starting in Sacramento. The company propose to manufacture 60,000 gallons of wine this season.

The day before the San Joaquin Valley Fair at Stockton closed, warrants were issued for the arrest of some sixty gamblers who had attended. The "blacklegs" got wind of the officers' intentions and cleared out.

CURRENT NOTES.

Iowa, with a population of 1,119,702, has 443,667 persons between the ages of five and twenty-one. If the same proportion holds good over the United States, there must be 14,621,551 young people between those ages.

The Protestant Evangelical Churches of the United States reported last year that they had on their rolls about 5,400,000 communicants. According to the national census the whole population of the country was 38,535,153. Very nearly one-seventh of the inhabitants of the land, therefore, are members of these churches.

St. Peter, the ultra-Catholic paper of New York, is rather hard on Mr. Bennett, Sr. That gentleman has offered to give $100,000 toward completing the magnificent marble cathedral on Fifth avenue. But this Catholic journal says to "the aged, bed sick proprietor of the *Herald*, it would be better to abolish the personal column in your paper, than to give the money. The new cathedral will be finished without this man's money, but his own soul can never be saved, if he does not, while he is still spared, destroy that column of abomination, and shed many a tear of repentance for the awful sin of ever having it set up."

POLITICAL NOTES.

A gentleman in Massachusetts in his prosperous days gave his town a tract of land for a public square. The square still bears his name, while he, penniless and friendless, is an inmate of the town almshouse.

In spite of all precautions cholera is increasing in Prussia. A Berlin dispatch of the 19th inst. says: Despite the great exertions on the part of the authorities, and rigid enforcement of sanitary regulations, cholera continues its ravages throughout the country, and is reported to be spreading rapidly. At Konigsberg the disease is especially virulent; the death rate is increasing daily, and during the past week reached upward of 300. In other localities where the disease has made its appearance the ratio of deaths, though not so large as at Konigsberg, has been such as to cause the greatest alarm among the inhabitants, and many families are removing from affected districts.

A Perturbed Spirit.

The Eugene *Guard* is still very uneasy in its mind about the California election. In its issue of Saturday it lets off this:

> Where is the necessity of adopting a platform that needs an explanation to understand it, and a long argument to show that it is not made up of Radical principles? None. The experience of the past abundantly proves that such a policy is always dangerous, and if it does not bring defeat, it certainly demoralizes the party. It is the part of wisdom, then, to shun such things, and have nothing in our platforms but the simple, clear Democratic principles, understood by all the people, and which are as old as the party. It is a well settled fact that principles never change, and an attempt to engraft the "New Departure" into the Democratic platform, is simply an entire abandonment of the clear and well defined party principles, the result of which was disastrous in California, and it will be so in every State that attempts the thing. Then, let us learn a lesson from this experience and steer clear of Scylla and Charybdis.

A Great Water Company.

The San Francisco *Alta* of September 18th has the following notice of the "California Water Company:"

> The above named company organized, among other objects, for the supply of mining camps, and among other places, the supply of Sacramento, Vallejo, Oakland, San Jose and San Francisco, has now purchased, obtained by right of discovery, etc., twenty-four lakes situated in the Sierra Nevada mountains. These lakes vary in extent from one hundred to two thousand acres, and are situated at elevations ranging from three to five thousand feet above the sea. The company claims that these are capable of furnishing a constant stream of sixty thousand inches of the purest water. This company has also acquired several thousand acres of exceedingly valuable mining ground contiguous to their water rights, and a considerable amount of timber and agricultural lands. The region to be supplied with water (apart from the cities) comprises an area of fifty miles in length by from five to twenty miles in width, having numerous towns and mining camps on the proposed route, and where they consider there will be a demand of from ten to twenty thousand inches of water at ten cents per inch for ten hours use, independent of the large amount required by the company in washing its own mines. Aside from water required for irrigating purposes, the company counts largely on the supply imperatively required by Sacramento. They calculate upon a net revenue of $50,000 from that city. The distance from the lakes to Sacramento is about seventy-five miles. The ditch and piping required to conduct the water to the various mining camps and to Sacramento is estimated at $250,000. They count also considerably on the water needs of Vallejo, Oakland, and eventually on that of the metropolis.

REMARKABLE CURE OF MRS. HOOVER.

TUALATIN PLAINS, WASHINGTON CO., OREGON, July 22, 1871.

DR. A. M. LORYEA—I have been troubled with Rheumatism for the past *twelve years*; my joints, especially those of my feet and hands, were badly swollen, so that I could with difficulty go around. My shoulder pained me a great deal and a LARGE BONY SWELLING grew out, so that I could not raise my hand to my head. Since last spring I have been taking your "Oak Weed Remedy," and find myself much improved. The swelling and pain has left my joints and shoulder and the BONY GROWTH HAS ENTIRELY DISAPPEARED and I use my limbs and am far better than I have been for years.

THE GREAT WORLD TONIC!

PLANTATION BITTERS

This Wonderful Vegetable restorative is prepared from pure St. Croix Rum and Calisaya Bark, known the world over as possessing wonderful tonic properties. As a Tonic and Cordial for the aged and languid it has no equal.

PLANTATION BITTERS

Just the thing for the morning lassitude and depression of spirits caused by late hours and what is called fashionable dissipation.

PLANTATION BITTERS

Of all the appetizers it is the most infallible, and the impulse which it imparts to the digestive functions soon puts Dyspepsia to flight.

PLANTATION BITTERS

It is the foremost remedy of the age. The specific of every species of debility, general or local, constitutional or casual.

PLANTATION BITTERS

A wine glassful taken half an hour before breakfast, dinner or supper, quickens the flow of the gastric juice, and thereby provokes hunger.

PLANTATION BITTERS

"By its use I dispose of three good square meals per day, with a good relish, have no [illegible] and have gained sixteen pounds in eight weeks, sleep well, and consider myself a healthy man."

PLANTATION BITTERS

Taken moderately, three times a day, will give you strength, health and a cheerful and contented disposition.

PLANTATION BITTERS

Will give rest and quiet to those who cannot sleep, from unsatisfactory condition of their affairs.

PLANTATION BITTERS

Will restore tone and vigor—just the thing for mothers nursing.

PLANTATION BITTERS

"Well they cured me of many distressing symptom in ten weeks and you had better follow my example.

PLANTATION BITTERS

If you want pure, rich and electrical blood—blood that gives tone to the system, the "rose tint of health" to the cheek,—Try it.

PLANTATION BITTERS

Thousands of families in Ohio and Mississippi valley, and on the border of the southern rivers and swamps, will not be without it.

PLANTATION BITTERS

Which is the cheapest? A dollar bottle of Plantation Bitters, or a physician at two dollars a visit?

PLANTATION BITTERS

"The value of such an antidote cannot be expressed in words."

PLANTATION BITTERS

Will restore the vital energy, repair indigestion, and correct the sluggish circulation of the blood.

PLANTATION BITTERS

Is an unequalled invigorating cordial for the aged as well as for the young.

PLANTATION BITTERS

Is unsurpassed for weak and delicate persons, on their requiring a gentle stimulant.

PLANTATION BITTERS

"I began taking your Bitters the next day, and am perfectly happy to tell you that they have completely restored my health, strength and cheerfulness."

PLANTATION BITTERS

"I find nothing so good for headache and languor to which my daughters are at times subject. It gives them a splendid appetite, and they eat like pigs."

PLANTATION BITTERS

"By advice of my physician, soon after my baby was born I commenced taking them, and they have done me so much good."

PLANTATION BITTERS

Are sold everywhere.

COSMOPOLITAN HOTEL.

CHANGE OF PROPRIETORSHIP.

H. H. PEARSON,

Late of the Russ House,

HAVING BOUGHT THE INTEREST OF MESSRS. Tubbs & Patton, of the Cosmopolitan Hotel, has secured a lease for a term of years of this well known and elegantly furnished Hotel. His previous reputation assures its being kept in first class style, while in order to keep pace with the times he intends to make important reductions in the scale of charges. His intention is to make it a family and business house, while his large connection with the traveling public, warrants him in expecting a large amount of country, Pacific Coast and Eastern patronage. The prices will range from two to three dollars a day for ordinary accommodation. Board by the week or month as per contract. The Table will be kept on the most liberal scale and many improvements introduced. The spacious reading room is the finest of its kind in the city, while the furniture and fittings generally are superior to those of any hotel in San Francisco. The house will be thoroughly overhauled. Mr. PEARSON assumes proprietorship this day, August 1st.

TUESDAY MORNING, SEPT. 26, 1871.

CITY.

UNITED STATES SCHOOL COMMISSIONER.—Gen. John Eaton, Jr., United States Commissioner of Education, arrived at this city by the steamer *John L. Stephens*, yesterday, accompanied by Rev. Jno. Kimball, a Congregational minister from Kentucky. These two gentlemen visited two at least of the public schools of this city, yesterday. Gen. Eaton is engaged in collecting statistics of schools, which in his report will be laid before Congress at its next session. He has but a few days' time to spend in this State, but will visit Salem and perhaps one or two other towns in the interior. Like many others who have visited our city the present season, Gen. Eaton and Mr. Kimball both express surprise at finding a city so well grown as Portland, and so well furnished with public institutions, social organizations and business characteristics which are supposed to exist only in much older and larger cities. Gen. Eaton says that last year, there were no statistics furnished the Bureau of Education, from Oregon. In this respect, Washington Territory, [illegible] was far ahead of us. It is presumable that, hereafter, we shall be heard of in that Department.

GRAND LODGE PROCEEDINGS.—Messrs. Himes & Bachelder, job printers of this city, have laid upon our table a copy of the "Proceedings of the Grand Lodge of Oregon, A. F. & A. M., at the Twenty-first Annual Communication, held at Salem, June 19th, 20th, 21st, and 22d, 1871." It is a pamphlet of 221 pages, containing not only the proceedings of the last session of the Grand Lodge, but the returns of constituent lodges—52 in the jurisdiction; reports of Grand officers, with a recapitulation; list of Grand officers since 1851; Grand Secretaries of other States; Constitution of Grand Lodges; the old charges of Ancient, Free and Accepted Masons, collated from their records as published by the Grand Lodge of England, 1772; standing orders and resolutions of the Grand Lodge of Oregon, and an appendix containing an account of the proceedings of the Grand Lodge, at the special [illegible], June 29th, 1871, when the ceremony of laying the corner stone of the Masonic Temple in this city was celebrated, together with the address delivered on that occasion by Hon. Edward Evans. As a specimen of typography the work is of very superior order.

GOOD TEMPLAR'S HALL.—We learn that the first effort—made yesterday—to raise subscriptions to the capital stock of the Good Templar's Hall Association of this city, was so successful as to give promise that the entire amount wanted will be [illegible] in the course of two or three [illegible]. Mr. [illegible] obtained several subscriptions of [illegible] each and smaller sums, amounting in all to about $5,000. Two subscriptions of $50 each were made by wealthy gentlemen, who are not connected with the order, but who recognize and appreciate its valuable reformatory labors. It is the intention of the Association, as we learn, to erect a building fifty by ninety feet, with two stories and a spacious reading room, on the ground floor, and a hall in the second story, fifty by sixty feet. We heartily wish the association all good success in their enterprise.

LAUNCH OF A PROPELLER.—The fine little propeller built by the Buchanan Bros., at the upper sawmill, was launched at half past 4 P. M. yesterday. She went off in good style and without the slightest accident. Several ladies and gentlemen were on board, and they were greeted with hearty huzzas from the crowd on shore, as the trim little craft shot out into the stream. The vessel is 75 feet long, 13 feet beam and 7 feet depth of hold, built by T. J. Bulger, shipwright. She is to be supplied with two propellers and a double engine of about 70 horse power, now nearly completed at the Wallamet Iron Works. It is expected to have it ready for active service in about six weeks. Mr. Buchanan christened the vessel *Ben Holladay*.

MARINE SIGNAL.—The Oregon Iron Works Co. has completed the boiler, machinery and fog whistle which the Government ordered to be planted on the point of Cape Flattery. Like a portable engine the boiler has mounted upon it, machinery for regulating the whistle. This [illegible] so constructed as to [illegible] and [illegible] the whistle at regular intervals. The whistle is an immense thing and we should say that it could be heard at a great distance off shore. It is intended to serve as a signal during foggy weather when lights cannot be seen. The boiler [illegible] will in a few days be shipped to its destination.

HUMOROUS ENTERTAINMENT.—Prof. E. B. Plummer has come to town again, and the lovers of genuine humor will be delighted to learn that he will give them an opportunity to laugh at his imitations of persons, delineations of character, eccentricities and oddities. He will hold forth at Oro Fino Theater Thursday evening, the 28th. Prof. Plummer beside being a humorist of the first class, is a fine elocutionist, and many of his recitations are of a high order; but his forte is mimicry and delineations of national or provincial character, in which he has few superiors in his profession.

MORE OF [illegible] IN THE JUG.—Judge Denny found it necessary yesterday to send two or three more of the boy roughs to jail for twenty-four hours. The practice heretofore has been to let boys off with a reprimand. It was not thought advisable to harden and brutalize them by sending them to jail. This policy struck the boys, however, as a good joke, and they soon [illegible] to regard the police of the Court with terror. It followed as a matter of course that the boys went on in their vicious courses till now some of them are getting a touch of severer discipline.

BEWARE!—[illegible] observed that the boys of the city frequently throw obstructions on the track of the railroad on Fourth street. This is probably done out of that irresponsible spirit of mischief which takes possession of so many boys, but they ought to be taught to cease this "sport" at once. It may become a very serious matter. Boys who read the news reports given to-day may see that in Pennsylvania two boys have been sentenced to long terms in the penitentiary for this sort of "sport."

CLOSED.—The business places of all Israelites were closed yesterday. The effect upon the general appearance of things along our principal streets was rather striking. Very few, perhaps, were prepared to see on a day observed only by one class of our citizens nearly half the stores of the city closed. The greater part of the Hebrew population spent the day in attendance upon the ceremonies and worship at the Synagogues.

SERIOUSLY ILL.—We are pained to hear that Gen. J. H. Holman is again seriously ill. He is now in this city, and is suffering severely again from the effects of injuries received in the war. He has recently returned from Bellingham Bay, where he has been to superintend the quarry from which stone is being taking for Government buildings in Oregon.

OVERLAND PASSENGERS FOR PORTLAND.—The following is a list of the passengers per Oregon & California stage, who passed Yreka yesterday, bound for Portland: J S Kast, C M Morris, Chas Vail, T E Hugg, Mr Hart, S Samons, wife and 3 children, H K W Clark, T E Root and wife.

AN UNUSUALLY HEAVY FREIGHT.—The steamship *John L. Stephens* which arrived yesterday morning from San Francisco, brought up 930 tons of merchandise one of the largest freights of that kind ever brought to this city. She had no trouble in getting up, though the water is extremely low.

TARGET EXCURSION.—The Washington Guard, whose annual target practice was postponed last Friday in consequence of rain, have agreed upon next Friday as the day upon which they will go out, if the weather be favorable.

MORE IMMIGRANTS.—A considerable proportion of the passengers by the *John L. Stephens* are persons who have come to Oregon either on a visit of inspection or to settle. Whether of either class they are most welcome.

EXTRA TRAINS.—The O. & C. Railroad Co. will run extra passenger trains on Thursday, Friday and Saturday, to Albany and back, leaving this city early in the morning and returning in the evening.

PORTLAND LIBRARY.—Volume 10 of Appleton's American Annual Cyclopædia for 1870, has just been received and placed in the Portland Library.

PEWS TO BE RENTED.—The pews in the Presbyterian Church will be rented for the ensuing year, at 3 o'clock next Thursday afternoon.

The Daily Oregonian.

Very few, perhaps, were prepared to see on a day observed only by one class of our citizens nearly half the stores of the city closed. The greater part of the Hebrew population spent the day in attendance upon the ceremonies and worship at the Synagogues.

SERIOUSLY ILL.—We are pained to hear that Gen. J. H. Holman is again seriously ill. He is now in this city, and is suffering severely again from the effects of injuries received in the war. He has recently returned from Bellingham Bay, where he has been to superintend the quarry from which stone is being taking for Government buildings in Oregon.

OVERLAND PASSENGERS FOR PORTLAND.—The following is a list of the passengers per Oregon & California stage, who passed Yreka yesterday, bound for Portland: J S Keel, C M Morris, Chas Vall, T E Hugg, Mr Hart, S Samons, wife and 3 children, H K W Clark, T E Root and wife.

AN UNUSUALLY HEAVY FREIGHT.—The steamship *John L. Stephens* which arrived yesterday morning from San Francisco, brought up 930 tons of merchandise—one of the largest freights of that kind ever brought to this city. She had no trouble in getting up, though the water is extremely low.

TARGET EXCURSION.—The Washington Guard, whose annual target practice was postponed last Friday in consequence of rain, have agreed upon next Friday as the day upon which they will go out, if the weather be favorable.

MORE IMMIGRANTS.—A considerable proportion of the passengers by the *John L. Stephens* are persons who have come to Oregon either on a visit of inspection or to settle. Whether of either class they are most welcome.

EXTRA TRAINS.—The O. & C. Railroad Co. will run extra passenger trains on Thursday, Friday and Saturday, to Albany and back, leaving this city early in the morning and returning in the evening.

PORTLAND LIBRARY.—Volume 10 of Appleton's American Annual Cyclopedia for 1870, has just been received and placed in the Portland Library.

PEWS TO BE RENTED.—The pews in the Presbyterian Church will be rented for the ensuing year, at 3 o'clock next Thursday afternoon.

PASSENGER ARRIVALS.

The steamship *John L. Stephens* arrived yesterday morning from San Francisco, with the following list of passengers:

The propeller *Geo. S. Wright* arrived Sunday night from Puget Sound, via Bellingham Bay and Victoria, bringing the following named passengers:

Mrs Jupits, Miss M Eblnger, J L Filkes, S J Katz, G M Forbes, Peter Rovam, M Rovam, D Rovam.

PERSONAL.

Senator Corbett started at half past one P. M. yesterday for Washington City, going overland via Sacramento and the Pacific railroad.

Among the notable arrivals yesterday were Col. Taggart, Paymaster U. S. A., who is to deliver the annual address at the State Fair; and Mr. Sam'l Guthrie, Supervising Inspector of Steamers for the Pacific coast.

O. Joynt, Esq., who has been absent from Oregon for nearly three years, has returned. Like all old citizens of Portland who have been absent for some time, he expresses his astonishment at the prodigious strides which the city has made during his absence.

FUNERAL.—The remains of Lieut. Quinn, late of the Emmet Guard were received by the steamer yesterday morning, and in the afternoon were buried with the usual military honors, bestowed by the company of which he was an honored member.

BUSINESS NOTICES.

PIPIFAX.—The agent for Pipifax Bitters arrived on the steamer yesterday and is advertising them to-day. Look out for them.

CATARRH, Throat, Bronchial and Lung Affections are treated successfully by the new and scientific mode as practiced by Dr. Aborn—at the St. Charles Hotel—also all disease of the eye and ear.

AT J. O'NEIL & Co.'s, 95 First street, can be found the finest and largest stock of Clothing and Gents' Furnishing Goods in the city. The celebrated Star Shirt, a full supply, and the *Guanaco* Umbrella, the latest and best article out to keep off the Oregon mist. A look through J. O'Neil & Co.'s stock will benefit those investing. They sell at marvelously low figures.

KOHN & FISHEL have received by the late steamers large invoices of clothing and gents furnishing, and they now have the largest and best assortment of goods in their line in the city. They sell low, and everybody can buy. Go to Kohn & Fishel's 91 Front street for bargains.

Vichy Waters are curative in Gravel, Stone, Vesical Catarrh, Affections of the Intestinal Tube, Liver, Spleen, Hepatic Colic, Paludal Cachexia, Albuminera, Chlorosis, etc., and most soothing and preventive in Gout, Rheumatism, Rheumatic Gout, Diabetis, etc. For sale at C. H. Woodard & Co.'s Drug Store, Front Street, Portland.

Old Things Have Passed Away.

This is at least true of the old method of treating the long abused and much abused human body. It is no longer considered wise to put a patient to the torture in order to cure him of a disease in which pain is already undermining the energies of his system. True science ranges itself on the side of nature, and endeavors to assist her in her fight against disease. This is the province of Hostetter's Stomach Bitters, the most approved tonic ever advertised in this country. It may be recommended as a fall medicine, par excellence; for it is in the fall that biliousness, dyspepsia and malarious fevers are especially prevalent. The frame, exhausted by the heats of summer, is relaxed and feeble at its close, and requires, we may say *demands* artificial assistance. Afford it that assistance in occasional doses of Hostetter's Stomach Bitters, and the evils referred to may be escaped. Throughout the far west, and on the steaming alluvial of the Southern rivers, all the varieties of periodical fever are probably rife to-day. Had a course of Hostetter's Bitters been commenced by the sufferers a month ago, i. e., before the unhealthy season set in, seven-eighths of them would in all probability be in their usual health at the present time. So much for want of forecast. So much for not keeping in the house, and using daily the best safeguard against epidemic and endemic fevers.

As flocks of impostors and imitators are trying to follow in the wake of the great American remedy, therefore be sure that the article you buy is genuine and verified by the proper trade marks. The true article can only be obtained in bottles. Beware of the spurious bitters sold by the gallon or in kegs.

Agents for the Sale of Blocks and Lots in

HOLLADAY'S ADDITION

TO

East Portland!

TO OUR PATRONS AND THE PUBLIC GENerally desiring to make SAFE and RELIABLE Investments in Real Property, we beg leave at this time to call your attention to this DESIRABLE TRACT, which has been subdivided into Blocks and Lots, and is now in the Market, to be sold in Alternate Lots and Blocks.

No one that has ever visited this body of Land but what will say that it is the MOST ELIGIBLE for SUBURBAN RESIDENCES of any ever offered in this market, the land having a gradual slope from the River back to SEVENTEENTH STREET, there being scarcely any Block in the entire tract but what a

Fair View of the City of Portland and Willamette River

Can be had. Another advantage this Property will have for Residences: no high water will ever affect the drainage of the city.

The Oregon and California Railroad Company's New Ferry Boat is now making Regular Trips from the foot of F street, Couch's Addition, to the foot of Oregon street, Holladay's Addition.

IMPROVEMENTS TO BE MADE:

Aside from gigantic Improvements now in contemplation by the Railroad Company, in the construction of Wharves, Warehouses and Machine Shops, quite a number of citizens will commence erecting fine Residences and Business Houses; also, Street Improvements, under contract, by grading and planking Holladay Avenue its entire length, to connect with the Sandy Road. We can say that at least a Half Million Dollars will be expended in Permanent Improvements on this Addition the present season.

TERMS OF SALE—40 per cent. CASH down; deferred payments, six and twelve months, with interest at the rate of 10 per cent. per annum.

NO QUESTION AS TO TITLE

The Title to this property is undisputed, being a portion of the Donation Land Claim of Jacob Wheeler and wife. United States Patent issued, and conveyed by said Wheeler and Wife to Geo. W. Weidler.

Parties desiring to invest will find Maps and Plats of the property at our Office, or at the Office of Messrs. PERRY, RUSSELL & WOODWARD, and other LAND AGENCIES in the city.

Bark *Bristolian* has been chartered to load Wheat for the United Kingdom by Messrs. Hewitt, Flowerdew & Co.

It is reported that one of the steamers of the North Pacific Transportation Co. will leave San Francisco for this port to-morrow (Tuesday.)

Last mail advices state that four vessels were on the berth for this port: *Almatia*, *Helen W. Almy*, *Rival* and *Whistler*. The telegraph informed us of the sailing of the *Rival* and *Almy* on September 22d, with full cargoes for this port.

The freight offerings at San Francisco for this port continue very lively. The *John L. Stephens* refused freight two days previous to sailing.

Late mail advices from San Francisco state great activity in Lumber for export, giving the aggregate export for last week at over 400,000 feet, mostly for Mexico, and 75,000 Railroad Ties for Peru. The charters for Lumber were two and [illegible] Ties three. The price of Lumber per cargo lots: Oregon, $13 50; Oregon spruce, $17; Shingles, $2 75@3; Laths, $3 25.

Late mail advices from New York continue to give large exports of Wheat. On the 12th of September the tonnage engagements aggregated 186,000 centals or 9,300 tons of Wheat for Liverpool. On the 13th the engagements for Liverpool aggregated 213,000 centals or 10,680 tons. This export does not include that of Corn which is very large. The [illegible] from Boston, Baltimore, Philadelphia and New Orleans are large. The rate at which the United States are exporting Wheat and Corn will more than supply any short crop which may have occurred in Europe, as we will export Wheat at the above rate, this month within nearly as much as the entire export from the Atlantic seaport cities aggregated for the fiscal year beginning July 1, 1870, and ending June 30, 1871. We can but impress upon our farmers the necessity of meeting the market, as from our present advices prices cannot remain up to where they now are in this State and California as prices are largely above what Liverpool quotations justify shippers in paying.

Oregon Wheat, for quality, is taking rank ahead of any Wheat grown in any of the States of the Union, as well as any nation in the world, unless, perhaps, that of Italy. Last year the first direct shipment to the United Kingdom was made from this State, and it commanded the highest market there. Its quality is justly appreciated, in the fact that the house at San Francisco exporting the Wheat from here, have established a branch, or have had established a house here, through which will in future export Oregon Wheat direct from this port. Its operations have to a considerable extent been limited this season, owing to high prices asked by producers. Oregon Wheat commands in the San Francisco market fully 10 cents per cental more than California Wheat. The following letter, which we copy in full, was received yesterday, and from the source it emanates great weight can be attached to it:

BOARD OF TRADE OF THE CITY OF CHICAGO,
SECRETARY'S OFFICE,
CHICAGO, Sept. 13, 1871.

MESSRS. EVERDING & FARRELL, Portland, Oregon—*Gentlemen:* I have to thank you for the very superior sample of White Winter Wheat, of Oregon growth, you were so kind as to forward to our President, and which has come to hand by mail. It is no exaggeration to say that in the quality of her cereal productions Oregon surpasses any portion of our own country, if not of the world. We rejoice in her prosperity, and anticipate a most brilliant future for her. We have given the sample of Wheat a conspicuous place among our collections.

Very respectfully,
C. A. RANDOLPH, Sec'y.

We have been assured by other parties that the sample furnished by Messrs. E. & F. was only an average at the time of [illegible] as extra choice could not be obtained, but that samples of our choicest Wheat will be forwarded soon. Our farmers should see to it that every available acre is sown this season as it is hardly likely that prices will recede so much as to cause a loss to the producers, for the high prices now ruling in Europe, has had the tendency to draw out the old stocks from every country so that the new crop just thrown on the market, came upon virtually a bare market, and next year's crop will not have any other stocks to come in competition with than this year's, so that we may look for a continuation of this year's prices, with perhaps a shade lower, as no one anticipates any material change either up or down. The vast irrigation schemes in California will not be so far completed as to be of any practical service for this season for irrigation, but for next season it will, as by that time it is expected over 200 miles will be so far [illegible] as to irrigate several million acres of land, that California will not produce more than her usual quantity next season, even with a good crop the increased acreage it is expected, will not be larger than heretofore, but with the average fall of rain the yield in California will be three times as great as it was this year, which would give the yield as high as has been attained any previous year.

Merchandise Report.

WHEAT—Mail advices per *John L. Stephens* give market very dull, with a strong downward tendency. The quotations by letters per mail were "for California, $2 50, Oregon $2 55 per cental with market very weak and dropping." In the absence of further advices we quote market here weak at $2 15@2 20 per cental without sacks [illegible].

FLOUR—Market dull under the decline in Wheat. The *John L. Stephens* will take in several invoices for San Francisco. Receipts are becoming freer. We continue quotations for extra at $7 ₱ bbl for standard brands and $6 [illegible] 75 ₱ bbl for superfine.

EGGS—Quotable at 37½c per doz.

CITY ADVERTISEMENTS.

Ordinance No. 1065.

AN ORDINANCE TO AUTHORIZE THE CONstruction and operation of street railways in the city of Portland.

The city of Portland does ordain as follows:

Section 1. That there be and hereby is granted unto Levi Estes the right and privilege to lay down and maintain an iron railroad track or tracks within the city of Portland, as follows, viz:

Along North First, First and South First streets; Fifth, North Fifth and South Fifth streets; B street, Washington street, Taylor street, Jefferson street and Hall street; and to operate and run cars thereon to be drawn as hereinafter provided, and to convey for hire passengers and their luggage thereon.

Section 2. The said Levi Estes or his assigns, owner or owners of said railways shall plank, pave or macadamize as the municipal authorities shall direct, that portion of the street or streets along which their railways shall be laid, the whole length of the said railways, between the rails and for a width extending three feet on each side of the track, and keep the same constantly in repair.

Section 3. The tracks of said railways in those streets where double tracks shall be laid shall not be more than five feet apart between the rails, and shall be laid as nearly as possible in the middle of the street and flush with the pavement, so as to offer as little obstruction as possible to the crossing of vehicles, and where the lines crossing each other intersect, the rails shall be cut so as to permit the passage of cars, and to offer no obstruction to the free use of the street by the public.

Section 4. For the purpose of laying down or repairing such railway, no street shall be obstructed for a greater distance than the length of one block at any one time, nor for a longer period than ten working days, except that in case of excessive bad weather the Common Council may extend the time as aforesaid at its discretion.

Section 5. The cars to be used upon such railway shall be of the most approved construction for the comfort and convenience of passengers, and shall be provided with brakes or other necessary appliances for stopping the same when required; they shall be drawn by horses or mules and not otherwise; the rate of speed shall not exceed eight miles per hour, and any case of violation of this clause shall subject the owner or owners of the said railway to a fine not exceeding twenty-five dollars for each offence, on conviction thereof before the Police Court. The rails to be used for the said railway shall be of good iron and of the most approved pattern now in use for street railroads; the cars shall run at all convenient hours of the day and night, for the accommodation of the public.

Section 6. It shall be unlawful for any person or persons to obstruct the railway herein provided for, either during the construction or the operation of the same, and any person or persons carelessly or wilfully violating the foregoing provision, shall be deemed guilty of a misdemeanor, and on conviction before the Police Court shall be punished by a fine not exceeding twenty-five dollars, or by imprisonment not exceeding twenty days, or both, at the discretion of the Court, for each and every offence. Any conductor or other employe on the railroad herein provided for, any passenger thereon, or other person on or about the cars belonging thereto, who shall by offensive, indecent, opprobrious or abusive language, insult, abuse or maltreat any passenger on the said cars, shall, on conviction thereof before the Police Court, be punished by a fine of not less than five nor more than twenty-five dollars or by imprisonment not exceeding twenty days, or both, at the discretion of the Court, for each and every such offence.

Section 7. The construction of the railways herein provided for shall be commenced within six months after the passage hereof, and the same shall be completed as follows:

The railway on North First, First, and South First streets, from the northern boundary of the city to the southern boundary thereof, or as far north and as far south on the said streets as the same shall be graded; and the railway on B street from the intersection thereof with North First street to the west boundary of the city, or as far west as the said street shall be graded, shall be completed within one year after the passage hereof; and the railways upon at least one street running northerly and southerly, and on one street running eastwardly and westwardly, shall be completed every year thereafter, until the railways on all streets named herein shall be completed; and in case the bound'ry of the city shall be extended at any time within fifteen years after the passage of this ordinance, in any direction, then the rights hereby conferred by the city, upon said Estes shall also extend to the limits as so extended, and he or his successors in interest shall be required to extend their lines of railway to the limits as extended as fast as the grading of the streets shall proceed.

Provided, That on or before the first of July, 1872, the said Levi Estes or his assigns shall give notice to the Common Council naming the street running east and west, and the street running north and south on which it is intended to construct the railways as herein provided, during the year next ensuing the date of such notice; and the railway on such street or streets so designated, shall be completed within the said ensuing year, so far as the said street or streets shall be graded; and on or before the first of July of each succeeding year thereafter, a like notice shall be given to the Common Council, designating the street or streets upon which the railway is to be constructed the next ensuing year as before, and, as in the case beforementioned, the railway on such streets so designated, shall be constructed the year ensuing the notice relative thereto, as far as the said street or streets shall be graded, until the entire system of railways provided for herein shall be completed. *Provided further*, That said railway when laid down and completed upon any street or streets herein named, and as herein provided, shall be extended upon such street or streets whenever the graded portion of the street shall be extended; such extension of railway upon any street to correspond and to progress with the street improvements on said street.

Section 8. The said Levi Estes, his associates or assigns, shall forfeit his or their right or privilege accruing by virtue hereof as follows: On failing to commence the said railway within the time herein provided, or failing to complete the railway within one year from the passage hereof on the streets named, on which the completion of such railway is provided for in Section 7 hereof, he or they shall forfeit all privileges granted hereby, and, in each case of notices given to the Common Council, as provided in Section 7, a failure to construct or complete the railways on the streets designated in such notices, as provided in said Section 7, shall work a forfeiture of all privileges on such particular streets, but none others. A failure on the part of said Estes or his assigns to give the notices to the Common Council, as provided in Section 7, or any of them, shall work a forfeiture on all streets on which railways shall not be constructed at the time of such failure; and a failure by said Estes or his assigns to lay down a track and complete the railway the whole length of any street on which the privilege is granted herein, or to extend the railway on any street as fast or as far as the said street shall be graded, shall work a forfeiture of all rights and privileges so far as that street is concerned.

Section 9. Nothing in this ordinance, nor any privilege granted hereby, shall be construed to prevent the proper officers of the city from grading, paving, sewering, planking, macadamizing, improving, altering or repairing any of the streets over or upon which the privilege of constructing a railway is granted by this ordinance, or upon which any railway may be constructed under its provisions, but all such shall be done so as to offer as little obstruction as possible to the passage of the cars, and the owner or owners of such railway shall have the privilege of raising or shifting the rails, so as to avoid as much as possible the liability to obstruction during the progress of street repairing, improving or altering.

Section 10. The owners of said railways shall pay annually to the city of Portland, as a license upon each car in use by them on said railways, such sum, not exceeding fifty dollars, as shall be fixed by ordinances of the Common Council.

Section 11. The city of Portland shall have the right, by ordinance of the Common Council, to regulate the rate of fare to be charged in any railway constructed under the provisions hereof. *Provided*, That the rate to be charged shall not be reduced below six and one-fourth cents per mile, or fractional part of a mile, within the five years next ensuing the completion of the railway on the first streets as named and provided for herein. Nor shall it ever be reduced below five cents on any one route beginning and ending on any one street, or fractional part thereof; and for the purposes hereof the railway on any street running parallel with the Willamette river shall be deemed one route from the northern boundary of the city to the southern boundary thereof; and in any street running at right angles to the river, the railway from First street to the western boundary of the city shall be considered one route.

Section 12. There shall be no double track railway laid under this ordinance upon any street that is less than eighty feet wide; and in operating such railways as shall be constructed under this ordinance, no car shall be allowed at any time to stop or remain still upon any intersections of streets, and any violation of the provisions of this section, shall subject the owner or owners of said railway to a fine of not less than five nor more than twenty-five dollars for every offense upon conviction before the Police Court.

Section 13. The said Levi Estes and his assigns shall forfeit and be deemed to have abandoned all rights and privileges conferred by this ordinance unless they shall within thirty days after the approval of this ordinance, file in the office of the Auditor and Clerk their written acceptance of the rights and privileges hereby conferred, subject to the terms, conditions and restrictions herein contained.

Section 14. All the rights and privileges hereby granted shall expire at the end of twenty-five years from the date of the approval of this ordinance.

Passed the Common Council September 6, 1871.

W. S. CALDWELL,
Auditor and Clerk.

TO THE UNFORTUNATE.

NEW REMEDIES, NEW REMEDIES.

Dr. Gibbon's Dispensary,

623 KEARNEY STREET, NEAR COMMERCIAL, San Francisco. Established in 1854, for the treatment of Sexual and Seminal Diseases, such as Gonorrhœa, Gleet, Stricture, Syphilis in all its forms, Seminal Weakness, Impotency, etc. Skin Diseases (of years standing) and Ulcerated Legs successfully treated.

DR. GIBBON has the pleasure of announcing that he has returned from visiting the principal Hospitals of Europe, and has resumed practice at his Dispensary, 623 Kearny street, corner of Commercial, San Francisco, where his old patients and those requiring his services may find him.

The Doctor has spared neither time nor money in seeking out new remedies, and has returned with increased facilities for the alleviation of human suffering.

Horrible Diseases.

How many thousands of persons, both male and female, are there who are suffering out a miserable existence from the effects of secret indulgence, or from virus absorbed into the system! Look at their pallid, [illegible] and disfigured faces and their broken constitutions, disqualifying them for the happiness of [illegible] or the enjoyment of life. In this horrible situation thousands suffer until death closes the scene. Let [illegible] guardians, friends, attend to those who are suffering with any of these horrible life-destroying maladies, see that they are cured for and cured before it be too late. Send them immediately to Doctor Gibbon, a physician who has made private diseases his especial study for years, and who is certain to cure the most inveterate cases without mercury or any injurious drugs. It is important to those who are afflicted, or to those who are interested in the welfare of their friends, to be careful of the many pretended doctors who in fact all cities, publishing their skill in curing all diseases in a few days, imposing upon the public by using the names of eminent physicians from European and other places. Be therefore careful and make strict inquiry, or you may fall into the hands of these charlatans.

Seminal Weakness.

Seminal Emissions, the consequence of self-abuse. This solitary vice, or depraved sexual indulgence, is practiced by the youth of both sexes to an almost unlimited extent, producing, with unerring certainty, the following train of morbid symptoms, unless combatted by scientific medical measures, viz: Sallow countenance, dark spots under the eyes, pain in the head, ringing in the ears, noise like the rustling of leaves and rattling of chariots, uneasiness about the loins, weakness of the limbs, confused vision, blunted intellect, loss of confidence, diffidence in approaching strangers, a dislike to form new acquaintances, a disposition to shun society, loss of memory, hectic flushes, pimples and various eruptions about the face, furred tongue, fetid breath, coughs, consumption, night sweats, monomania and frequent insanity. If relief be not obtained, should apply immediately, either in person or by letter, and have a cure effected by his new and scientific mode of treating this disease, which never fails of effecting a quick and radical cure. Dr. G. will give One Hundred Dollars to any person who will prove satisfactorily to him that he was cured of his complaint by any other of the San Francisco quacks.

MARRIED MEN,

Or those who contemplate marriage, who are suffering under any of these foul maladies, should not forget the sacred responsibility resting upon them and delay to obtain immediate relief.

DOCTOR GIBBON is responsible, and will give to each patient a written instrument, binding himself to effect a radical and permanent cure, or make no charge.

CURED AT HOME.

Persons at a distance may be CURED AT HOME by addressing a letter to Dr. Gibbon, stating age, symptoms, length of time the disease has continued, and have medicines promptly forwarded, free from damage and curiosity, to any part of the country, with full and plain directions. By inclosing Ten Dollars coin, in a registered letter through the Postoffice or through Wells, Fargo & Co., a package of medicine will be forwarded to any part of the Union.

All communications strictly confidential.

Caution to the Unfortunate.

Beware of the San Francisco quacks [illegible] who, with bogus sworn-to certificates, [illegible] Some of the self-styled doctors, whose [illegible] found in the daily and weekly newspapers [illegible] disco and other places, are tradesmen [illegible] lazy to work at their trades. Some are [illegible] makers, newspaper carriers, intelligence [illegible] etc. Look over the San Francisco Directory and you will not find their Medical Institutes in it, but you will find their former occupations in it. Look at the Directory for 1862 and 1863. The only way to avoid [illegible] is to make inquiry—it will cost you nothing, and may save you many regrets; for, as advertising physicians in eight cases out of ten are bogus, there is no safety in trusting any of them until you know who and what they are. Dr. Gibbon does not deceive people by exhibiting bogus titles, certificates, pretended patients' letters, etc. Dr. Gibbon will satisfy persons who may call at his office of his ability to treat diseases that he professes to cure.

Address DR. J. F. GIBBON, 623 Kearny street, near Commercial, San Francisco. Post Office Box [illegible]
